

Hello all - unfortunately, I just tested positive for covid, so won't be able to hold the Q&A tomorrow.

Please send all questions - I will post the answers on Canvas (and send to the person who asked).

I'll also be in touch regarding a make up Q&A session.

This is not quite the end of class that I was hoping for! Glad to know I'll see you all at the exam.

Canvas logo

oh, meant to send you this!

There's currently an outbreak at Allard, a few weeks ago there was an event planned for the graduating students (it was "unofficial") and everyone got covid

5:17 PM ✓

The event was at [REDACTED] on the weekend of March 19th and people began testing positive in the next few days after that

At school right now it's essentially only first and second years, all the third years are sick it's been ripping through the school

5:32 PM

I also have a sibling who plays on the UBC mens basketball team who tested positive the week after, on the 23rd or the 24th
