

# Covid exposure at totem park

➔ Inbox

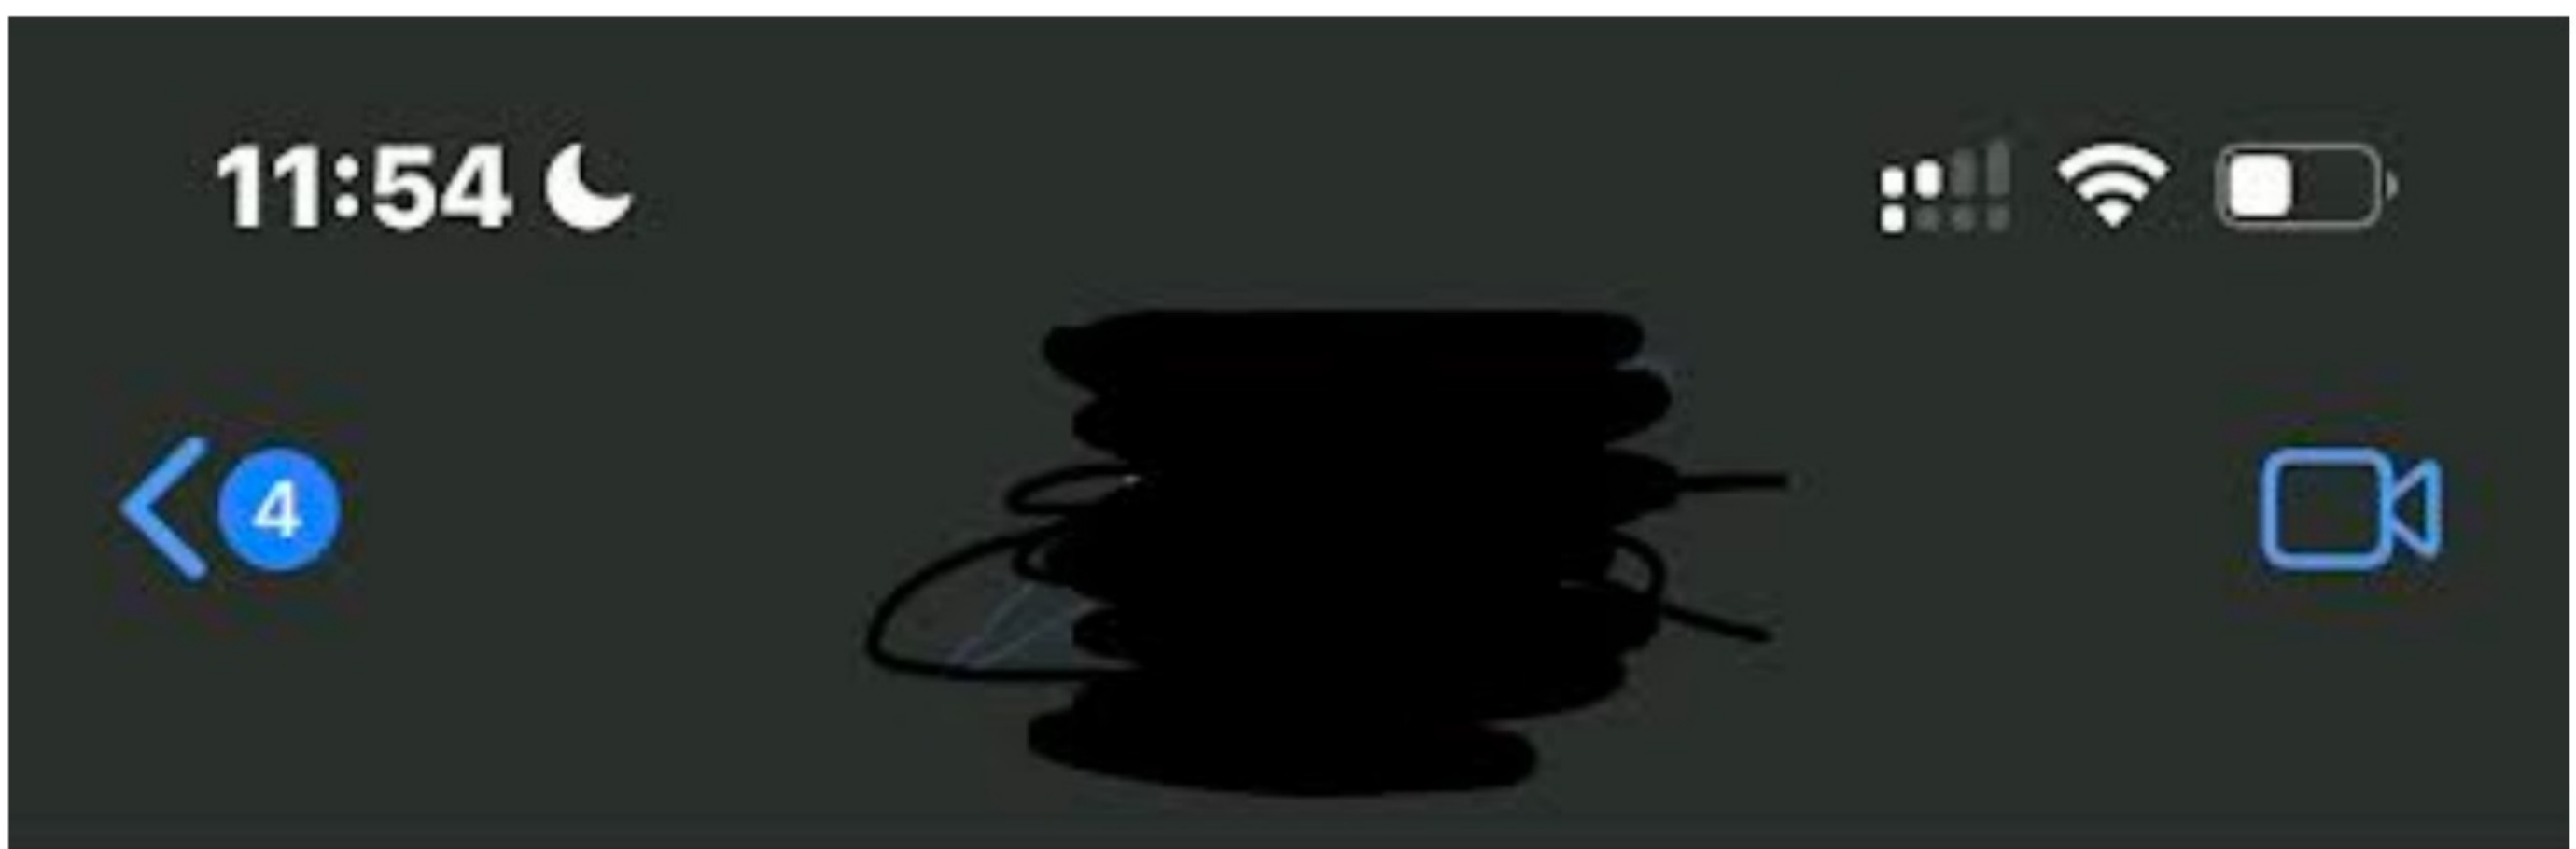

Mar 14

Hi!  
I really appreciate all that you do and i wanted to report one of my friends covid exposures. They tested positive last night/early this morning. They live in residence, at dene in totem park, and have in person classes.

So far it is just one person.  
Thanks!

Today 1:38 AM

hey buddy! sorry this is coming so late (and I'm sure you'll hear from [redacted] but [redacted] tested positive for covid this evening... she & I have been in very close quarters & though I haven't tested negative yet, I'm expecting that in the next couple days. all this goes to say, I know I only saw you in passing today, but just for the

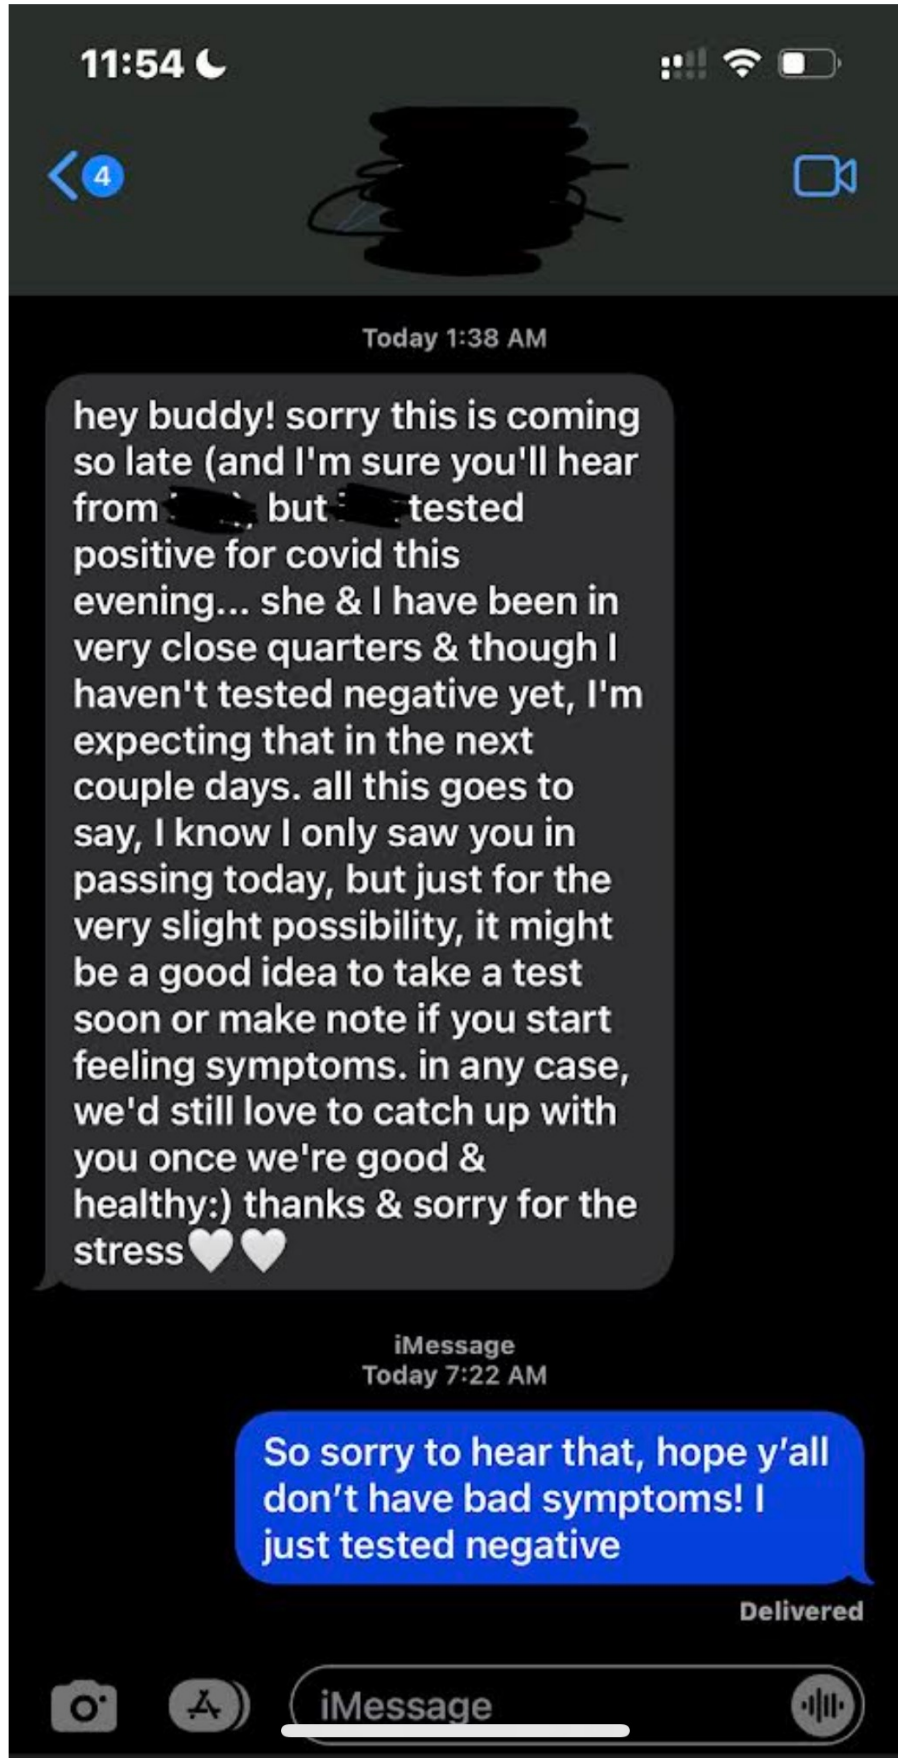

They tested positive last night/early this

hey buddy! sorry this is coming so late (and I'm sure you'll hear from [redacted] but [redacted] tested positive for covid this evening... she & I have been in very close quarters & though I haven't tested negative yet, I'm expecting that in the next couple days. all this goes to say, I know I only saw you in passing today, but just for the very slight possibility, it might be a good idea to take a test soon or make note if you start feeling symptoms. in any case, we'd still love to catch up with you once we're good & healthy:) thanks & sorry for the stress ❤️❤️
